

Product Announcement

Biffi Morin RSS & SCMHP Control Options

FOR YOUR INFORMATION

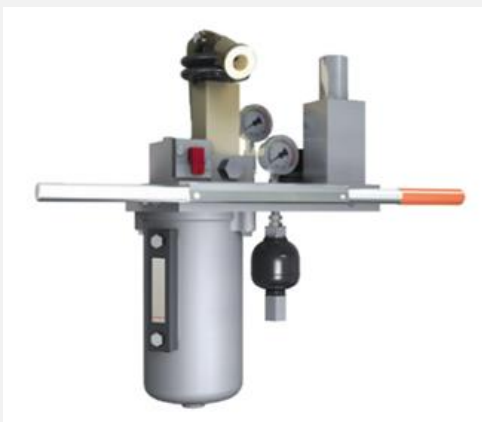

Product Notice

Biffi Morin RSS & SCMHP Series Discontinuation
PRO-2023-0001

March 1, 2023

This is to inform you of the discontinuation of the RSS & SCMHP product offering. Effective immediately, we will no longer accept orders for these options but will continue to provide service and spare parts until October 1st, 2023.

Moving forward, we will still offer a manual, self-contained solution. Additionally, the PressureGuard™ Self-Contained Hydraulic System (seen in the image below) can be used as a direct replacement.

Replacement Details

Please contact our Ontario factory at Ontario.Inquiries@emerson.com to inquire about how to convert your RSS or SCHMP to the PressureGuard™.

Literature and Technical Information

For questions or concerns, please contact me per my contact information below or visit the Emerson website.

Thank you for your continued commitment to our products, and we look forward to addressing your future actuator and process control needs.

Sincerely,

Håkon Espvik
